CONSENT AGENDA

Those matters included under the Consent Agenda are self-explanatory and are not expected to require review or discussion. Items will be enacted by one motion in the form listed below. If discussion is desired by any Committee Member, however, that item may be removed from the Consent Agenda and considered separately.

C1 – MOTION TO APPROVE: Minutes of Planning Technical Advisory Committee Meeting of December 12, 2012.

Ms. Irma San Roman made a motion to approve the meeting minutes. The motion was seconded by Mr. Jonathan Roberson. The motion was called to a vote and carried unanimously.

REGULAR AGENDA

Those matters included under the Regular Agenda differ from the Consent Agenda in that items will be voted on individually. In addition, presentations will be made on each motion, if so desired.

R1. - MOTION TO ENDORSE: Amendment to SFRTA Five-Year Shuttle Bus Service and Financial Plan

Mr. Joseph Quinty of SFRTA introduced this item, noting that in recent years the PTAC has become increasingly involved in the details of SFRTA’s Shuttle Bus Program. Mr. Quinty spoke about mid-year changes that are occurring that will require an amendment to SFRTA’s Five-Year Shuttle Bus Service and Financial Plan. He then apologized for a change in the amendment’s dollar amount that was reported to the committee after the original agenda package sent out. Mr. Stephen Anderson of SFRTA staff then provided a brief overview of the details of proposed amendment. Mr. Anderson said that the annual operating cost of SFRTA’s Fort Lauderdale Airport and Fort Lauderdale 3 routes are rising due to increased service to meet increased Tri-Rail weekend train service beginning in March. He noted that the amendment to the Downtown Fort Lauderdale TMA Northwest Community Link Partnership route was due to higher hourly service rates that went into effect as part of a new operations contract. Mr. Anderson pointed out that the total amount of the amendment was less than the contingency in the original Five-Year plan, but SFRTA wanted to be transparent and err on the side of caution in bringing this issue to the PTAC. Mr. Jeff Weidner identified a minor math error in one of the columns. Mr. Quinty thanked Mr. Weidner for noticing and acknowledged that SFRTA staff found that error late on Tuesday. Mr. Anderson stated that the tentative plan was for the amendment to be on the agenda of the February meeting of the SFRTA Governing Board.

Mr. Greg Stuart made a motion to endorse the Amendment to the SFRTA Five-Year Shuttle Bus Service and Financial Plan, including the correction identified by Mr. Weidner. The motion was seconded by Mr. Weidner. The motion was called to a vote and carried unanimously.

INFORMATION / PRESENTATION ITEMS
Action not required, provided for information purposes only.

11. - INFORMATION: West Palm Beach Planning Activities

Mr. Alex Hansen of City of West Palm Beach staff greeted the committee and welcomed them to West Palm Beach. Mr. Quinty thanked Ms. Kim Delaney, Chairman Randy Whitfield, and Mr. Hansen for working to make the full day of regional transportation meetings at City Hall possible. Mr. Hansen gave a detailed powerpoint presentation on the transformation of the City of West Palm Beach and its downtown area in recent decades. Images of past, present, and future were shown, along with description of a number of city activities and initiatives. Some of the topics discussed by Mr. Hansen included the Downtown Master Plan, DDA and CRA activities, streetscape projects, and sustainability efforts. Various city transportation initiatives were cited by Mr. Hansen, including car sharing, electric car charging, bicycle lockers, and the city's Downtown Trolley routes. Operating details and ridership totals for the Downtown Trolley routes generated a great deal of committee discussion. Multiple committee members commended the city's transformation and strong trolley ridership figures. Mr. Jeff Weidner suggested that the strong trolley ridership figures could justify a future streetcar system in West Palm Beach.

12. - INFORMATION: Job Access Reverse Commute (JARC) and New Freedom (NF) Programs

Mr. Natalie Yesbeck Pustizzi of SFRTA staff gave a brief update on the current JARC and NF funding cycle. Ms. Yesbeck Pustizzi stated that the current application period was initially scheduled to close on Friday, December 21, 2012, but has been extended to Friday, February 1, 2013 at 12 Noon EST. She noted that current plans are for project ranking and selection to occur at the March PTAC meeting and then be approved at the April meeting of the SFRTA Governing Board.

13. - INFORMATION: SFRTA Transit Development Plan (TDP) Major Update

Ms. Natalie Yesbeck Pustizzi gave an update on SFRTA's preliminary work on the new TDP Major Update, which will cover fiscal years 2014 through 2023. Ms. Yesbeck thanked the committee for the helpful comments that had been received on the TDP's draft scope of services. She stated that a notice to proceed for consultant support may be issued this week. Mr. Joseph Quinty spoke about some staff activities that are occurring in the meantime, including initial goals & objectives development and finalization of details of the upcoming Tri-Rail onboard survey. Ms. Yesbeck Pustizzi noted that the onboard survey will be conducted on February 13, 2013.

14. - INFORMATION: Tri-Rail Northern Layover and Light Maintenance Facility

Mr. Joseph Quinty spoke briefly about recent activities for SFRTA's efforts to develop a new Tri-Rail Northern Layover and Light Maintenance Facility. Mr. Quinty reminded the committee that a detailed presentation and extensive discussion on this project had occurred at the December 12, 2012 meeting of the PTAC. He stated that since the December 12 meeting, a presentation was given to the SFRTA

Governing Board on December 14 and to the West Palm Beach City Commission on December 17. Mr. Quinty also stated that some technical work was ongoing and that continued coordination would occur with staff of all three municipalities. He added that upcoming activities include a presentation to the Port of Palm Beach Board.

I5. - INFORMATION: Seven 50 Second Summit – January 24, 2013

Ms. Kim Delaney of TCRPC spoke about the upcoming second summit meeting as part of the Seven 50 process, which is scheduled for January 24, from 9:00 am to 4:00 pm at the Miami-Dade College Wolfson Campus in Downtown Miami. Ms. Delaney also mentioned an opening reception that will be held the prior evening in the Miami's historic and iconic Freedom Tower. Mr. Wilson Fernandez pointed out that the Freedom Tower is not open to the public very often and encouraged committee members to take advantage of the opportunity. Committee members then engaged in conversation about the previous Seven 50 events and future steps in the project process. Some comments included a suggestion to push harder for higher densities in urban areas and a desire to reach out to a broader spectrum of participants.

OTHER BUSINESS:

None.

PTAC MEMBER COMMENTS

The committee discussed the transition of Federal Transit Administration (FTA) Section 5310 funding oversight within the region. Recent correspondence on this issue was discussed and there was committee consensus that the required next steps need to be clarified. Development of a one or two page white paper summary and a follow up meeting were two of the proposed actions.

ADJOURNMENT

The meeting was adjourned at 12:13 PM.

SFRTA TRANSIT DEVELOPMENT PLAN (TDP)
FY 2014-2023 MAJOR UPDATE

SUMMARY EXPLANATION AND BACKGROUND:

At recent PTAC meetings, SFRTA staff has briefed the committee on preliminary activities in support of SFRTA's new TDP Major Update, which will cover fiscal years 2014 through 2023. In January, SFRTA issued a notice-to-proceed to general planning consultant Tindale-Oliver and Associates, Inc. to lead development of the TDP Major Update. With consultant resources fully available, SFRTA is now able to engage its partners in all aspects of plan development.

SFRTA and its consultants will utilize the TDP agenda item on February 19 as a workshop session in which the PTAC will serve the role of the TDP Steering Committee. This TDP workshop session will begin with a detailed presentation documenting the study process, activities and schedule. It will also include an important interactive exercise to engage PTAC members on their vision for SFRTA, Tri-Rail, and transit in the region over the next ten years.

SFRTA staff looks forward to extensive discussion on February 19 and continued utilization of the PTAC as an integral part of the TDP development process.

TRI-RAIL ENHANCED WEEKEND SCHEDULE

SUMMARY EXPLANATION AND BACKGROUND:

For many years, a desire for improved weekend service has been among the most common requests made by Tri-Rail passengers. Approval of SFRTA's FY 2012-13 Operating Budget included funding for long sought enhanced weekend train service.

After months of coordination with its contractors and partner agencies, a new Tri-Rail schedule will take effect on March 2, 2013. The highlight of this new schedule is the provision of hourly train service on weekends.

The official news release for the new schedule can be found online at <http://www.tri-rail.com/service-updates/tri-rail-expanded-weekend-schedule-change/>. Also, the new schedule is attached.

SFRTA Operations staff will present this item and provide further details on the improved weekend service and other minor scheduling changes.

PALM BEACH & TREASURE COAST
FEC CORRIDOR QUIET ZONE DISCUSSIONS

SUMMARY EXPLANATION AND BACKGROUND:

The reintroduction of passenger rail service on the Florida East Coast (FEC) Railway corridor has been studied in various forms and fashions for over a decade. While there is great interest and strong demand for new passenger rail service on the FEC, municipalities and the general public has consistently inquired about quiet zones being developed as part of any new passenger rail service.

The new “All Aboard Florida” proposal by FEC Industries for intercity passenger service between Miami and Orlando in the near term has prompted a great deal of excitement and realization that new service could be in place by 2015. However, this has also generated renewed discussion about the process and requirements to implement a quiet zone along segments of rail corridors.

Treasure Coast Regional Planning Council (TCRPC) staff has recently initiated quiet zone dialogue among municipal staff members in Palm Beach County and Treasure Coast communities. These discussions include a workshop held on January 30 and a presentation to the Palm Beach MPO Technical Advisory Committee (TAC) on February 6.

On February 19, TCRPC staff will provide an overview of the recent workshop and TAC presentation, as well as some of the next steps being considered by Palm Beach and Treasure Coast communities.
